Week 1 - Core - Worksheet | Unit Launch - Rule-Based vs Learning Systems

Name: _____ **Class:** _____ **Date:** _____

Sort three systems

Write each system in the correct column and give one reason.

This follows fixed rules because ___

This learns from data because ___

My two questions

Write two genuine questions about rule-based and learning systems for the question wall.

System sort record

Complete the table for the three systems you sorted.

System	Fixed rules or learns from data	My reason

Exit ticket

In one sentence, how is a learning system different from a rule-based system?

Challenge (stretch)

Invent your own system card and swap with a partner - can they classify and justify it?
