Week 2 - Core - Worksheet | Rules vs Learning - How Each System Works

Name: _____ **Class:** _____ **Date:** _____

Feature chart

Complete the chart with a feature and an example for each system type.

Rule-based: logic comes from ___

Learning: logic comes from ___

Classify and justify

Classify two systems and underline the deciding feature.

This is a ___ system because ___

Classification record

Record each system, your classification, and the deciding feature.

System	Rule-based or learning	Deciding feature

Exit ticket

Classify two systems your teacher names and give the feature that separates them.

Challenge (stretch)

Find a system that is genuinely hard to classify and argue both sides using features.
